Login

A login web application is a digital platform that enables users to access restricted online services by providing valid credentials, typically a username and password.

Login Credentials for Myezcare Web Application

- URL: (company name).myezcare.com
- User Name: (Check myezcare email - Employee Registration Notification)
- Password: Create your own strong password with 10 Digit (using uppercase, lowercase, numbers and symbols)

The image shows a screenshot of the MyEZcare web application interface. On the left, there is a dark blue login section with the title "Login into account" and the instruction "Use your credentials to access your account." Below this are input fields for "Username" and "Password", a "Remember" checkbox, a "Forgot Password?" link, and a red "LOGIN" button. At the bottom of the login section are links to download the app on Google Play and the App Store. On the right, there is a light blue announcement section titled "Announcement" with a megaphone icon. It features the text "What's new in Ver. 2.1.36" and "Posted On: 6/24/2023". Below this, there are sections for "Bugs:" and "Features:". The "Bugs:" section lists a fix for UI issues. The "Features:" section lists several updates, including an option to skip patient task lists, a change in the clock-in/out list, and new patient schedule information. At the bottom of the announcement section, there is a line of text encouraging user feedback via email at helpdesk@myezcare.com.

Announcement

What's new in Ver. 2.1.36

Posted On: 6/24/2023

Bugs:

- Some UI Issues fixed on referral timeslot issues like days dropdown and +1 day etc.

Features:

- On Adult Daycare –Added option for skipping patient task list, and it's based on permission.
When we click on the clock-out button then asking Do we want to Skip the Attendance Patient Task if **select yes then skip the task list and redirect to the clock-out page if select no then it renders to the task list page.**
- Change Schedule hyperlink added in the Clockin Out list on Dashboard. Here user can change the scheduled employee and time.
- Patient schedule days name information added on a patient schedule list. And also here we can get schedule-related complete information and we can assign the schedule to another employee.

Your feedback is very valuable to us to improve the features and enhancement. Please provide your feedback by emailing us at helpdesk@myezcare.com
