

Dx Code

Diagnosis codes (Dx Code), typically using the ICD-10 system, are vital in Adult Day Care for billing, care planning, communication, and quality reporting. They ensure accurate reimbursement, guide treatment plans and facilitate information sharing among healthcare providers.

Note: All Fields marked with * are mandatory and must be filled out, otherwise the system will generate an error indicating that the required information is missing.

Adding Dx Code

Settings >> DX Code >> + Add option

Update the required information in DX Code details and Click Save

DX Code Details

DXCode Type  *

DX Code without dot*

DX Code*

E.g:

DxCode without dot - 'T7402'

DXCode - 'T74.02'

Description

[Save](#) [Cancel](#)

View Dx code List

The list of Dx code can be viewed by using the option List under Dx code.

[Settings >> DX Code >> List](#)

Enter the Dx code and click search option to view the required DX code in the system.

DX CODE LIST
