

Reconcile Payments / ERA, Reconcile 835/ EOB and EDI File Log

Reconcile Payments / ERA

Reconcile payments refers to the process of comparing received payments from insurance providers and patients against the billed charges for services provided. This ensures accuracy, identifies discrepancies, and helps resolve outstanding balances, contributing to the financial stability of the home health care agency. Electronic Remittance Advice, which is an electronic document that provides detailed information about payment and denial of claims.
