

Service Code

A service code is a standardized alphanumeric or numeric code used for billing and documentation. It categorizes and identifies specific procedures, services, and equipment provided to patients. Service codes help ensure accurate billing, reimbursement, and compliance with healthcare regulations in the field.

Adding Service Code

Note: All Fields marked with * are mandatory and must be filled out, otherwise the system will generate an error indicating that the required information is missing.

Settings >> Service Code >> + Add option

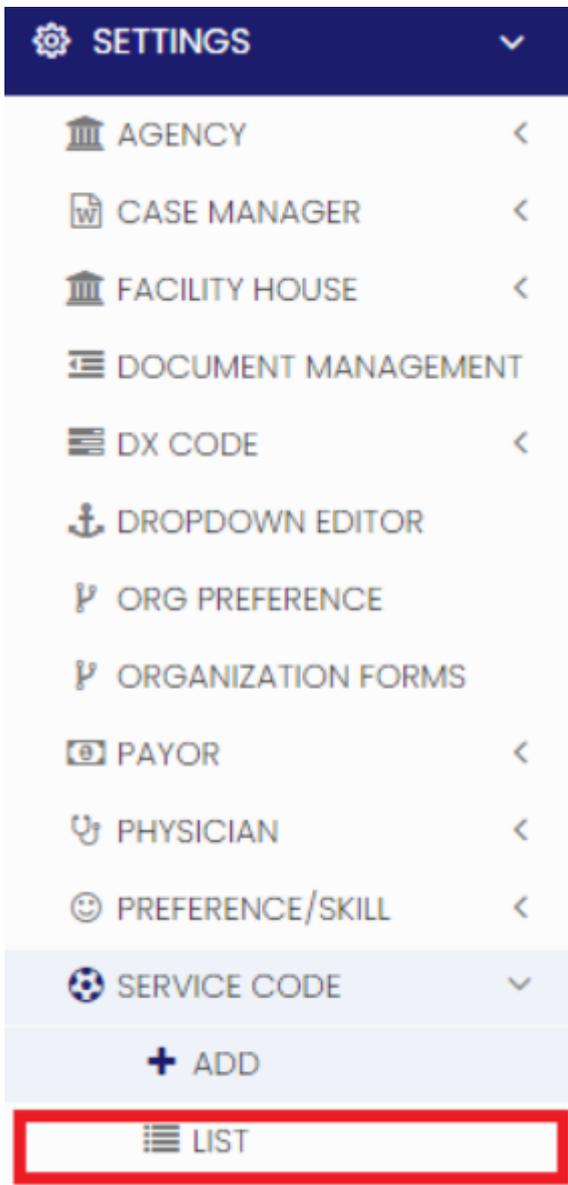

The user can update the Service code details in the required field and Click Save option.

The image shows a form titled "ADD SERVICE CODE DETAILS" with two tabs: "Service Code" and "Service Code Mapping". The "Service Code" tab is active. The form contains the following fields: "Service Code" (text input), "Modifier" (dropdown menu), "Service Name" (text input), "Description" (text input), and "Is Billable?" (dropdown menu). A green plus sign button is located to the right of the "Modifier" dropdown. At the bottom of the form, there are two buttons: "Save" (green) and "Cancel" (red). The "Save" button is circled in red.

Editing Service Code

Settings >> Service Code >> List

Select the service code from the list and click Edit option on the right side of the screen.

SERVICE CODE LIST

[Refresh](#) [+ Service Code](#)

Service Code	Modifier	Service Name	Account Code	Billable	Action
<input type="text" value="Service Code"/>	<input type="text" value="Modifier Name"/>	<input type="text" value="Service Name"/>	<input type="text" value="Account Code"/>	<input type="text" value="Select"/>	<input type="button" value="Search"/> <input type="button" value="Reset"/>
T1019	N/A	Comprehensive community support services, per diem	N/A	Yes	<input type="button" value="Edit"/> <input type="button" value="Delete"/>
T1005	N/A	Respite Care	N/A	Yes	<input type="button" value="Edit"/> <input type="button" value="Delete"/>

Now, Edit the required information and click update option.

EDIT SERVICE CODE DETAILS

Service Code | **Service Code Mapping**

Service Code Details

Service Code ? *	<input type="text" value="T1019"/>
Modifier ?	<input type="text" value="Select Modifier"/> 
Service Name ? *	<input type="text" value="Personal Care"/>
Display *	<input type="text" value="Personal care"/>
