

Attendance

Attendance refers to the presence and active involvement of a caregiver who provides essential medical, personal, or support services to a patient within their own residence.

- [Clock-in-out, Calendar](#)

Clock-in-out, Calendar

Clock-in and clock-out refers to the process of recording the exact time when a staff starts and ends their work.

An attendance calendar is a record-keeping system used to track and document the presence and hours worked by healthcare professionals, such as nurses and caregivers.

Clock-in-out

Attendance >> clock-in-out

Select the Facility House from the list and click Clock-in option. Also at the end of the shift time, click Clock-out option.
