

# Billing

Billing refers to the process of invoicing and charging for medical services provided to patients in their homes. It involves documenting the care, submitting claims to insurance companies and collecting payments for the services rendered by the caregiver to the patient.

- [Manage Claims](#)
- [Billing Claims](#)
- [Reconcile Payments / ERA, Reconcile 835/ EOB and EDI File Log](#)

# Manage Claims

The Manage Claims option includes data like Processed Claims, Rejected, Acknowledged and Transmitted claims in the system.

## View Claim Status

**Billing >> Manage Claims**

The user can view the claim status by using the option Manage Claims.

For searching the Batch Status, update the Batch ID, Patient Name, Payor, Start Date and End Date and click Search option.

# Billing Claims

Billing claims are formal documents submitted to insurance companies and seeking reimbursement for medical services delivered to patients in their homes. These claims detail the services provided, associated costs, and ensure proper compensation for home-based services.

## Adding Batch for Billing

**Billing >> Billing Claims**

To bill the visits in the Timesheet, the user has to create Batches for the Timesheet and submit them to the insurance company for payment.

Click +Add Batch option on the top right side of the screen. Select the Batch Type as Initial Submission, Select the Payor, Service code, Start Date, End Date and Click Search option. Now a popup will appear with the details of the Timesheet, check the box and Click Create Batch option for adding a Batch.

Add Batch

<b>Batch Type</b> Initial Submission ▼	<b>Payor</b> United Healthcare ▼	<b>Service Code</b> Personal Care - T1019 - HI ▼	<b>Client Name</b> Client Name
<b>Start Date</b> 10/11/2023	<b>End Date</b> 10/18/2023	<b>Search</b>	<b>Reset</b>

The Batch is created with initial submission. Now under Actions Click the Submit Claim option.

# Reconcile Payments / ERA, Reconcile 835/ EOB and EDI File Log

## Reconcile Payments / ERA

Reconcile payments refers to the process of comparing received payments from insurance providers and patients against the billed charges for services provided. This ensures accuracy, identifies discrepancies, and helps resolve outstanding balances, contributing to the financial stability of the home health care agency. Electronic Remittance Advice, which is an electronic document that provides detailed information about payment and denial of claims.
