Login

A login web application is a digital platform that enables users to access restricted online services by providing valid credentials, typically a username and password.

Login Credentials for Myezcare Web Application

- URL: (company name).myezcare.com
- User Name: (Check myezcare email - Employee Registration Notification)
- Password: Create your own strong password with 10 Digit (using uppercase, lowercase, numbers and symbols)

The screenshot displays the MyEZcare web application interface. On the left, a dark blue login panel features the 'Login into account' heading and the instruction 'Use your credentials to access your account.' Below this are input fields for 'Username' and 'Password', a 'Remember' checkbox, a 'Forgot Password?' link, and a prominent red 'LOGIN' button. At the bottom of the panel are 'GET IT ON Google Play' and 'Download on the App Store' badges. The top right corner of the panel shows the MyEZcare logo with the tagline 'simple yet Powerful'. To the right of the login panel, a light blue announcement section is titled 'Announcement' with a megaphone icon. It features the heading 'What's new in Ver. 2.1.36' and a 'Posted On: 6/24/2023' timestamp. The announcement lists 'Bugs' (fixing UI issues) and 'Features' (adding skip options for patient task lists and schedule changes). A feedback note at the bottom encourages users to provide input via email at helpdesk@myezcare.com.

If the user forgot the password, use the option Forgot Password to login with the application.

Login into account

Use your credentials to access your account.
