# Login

A login web application is a digital platform that enables users to access restricted online services by providing valid credentials, typically a username and password.

## Login Credentials for Myezcare Web Application

- URL: (company name).myezcare.com
- User Name: (Check myezcare email - Employee Registration Notification)
- Password: Create your own strong password with 10 Digit ( using uppercase, lowercase, numbers and symbols)

The image shows a screenshot of the MyEZcare web application interface. On the left, there is a dark blue login section with the title "Login into account" and the instruction "Use your credentials to access your account." Below this are input fields for "Username" and "Password", a "Remember" checkbox, a "Forgot Password?" link, and a red "LOGIN" button. At the bottom of the login section are logos for Google Play and the App Store. On the right, there is a light blue announcement section titled "Announcement" with a megaphone icon. Below the title is the text "What's new in Ver. 2.1.36" and "Posted On: 6/24/2023". The announcement lists "Bugs" (fixing UI issues) and "Features" (adding options for skipping patient task lists and changing schedule hyperlinks). At the bottom of the announcement, there is a line of text encouraging user feedback via email at [helpdesk@myezcare.com](mailto:helpdesk@myezcare.com).

If the user forgot the password, use the option Forgot Password to login with the application.

# Login into account

Use your credentials to access your account.
