

# TimeSheet

A timesheet is used to track the hours worked by caregivers, while providing care to patients in their homes. It records Clock-in time and Clock-out time of the visits, Task activities performed by the caregiver, Patient details, Authorization details etc.,

# Employee Billing Report

Employee billing hours refer to the number of hours worked by caregivers providing services to patients in their homes. These hours are vital for calculating employee compensation, compliance with labor laws, and accurate documentation of care, ensuring proper reimbursement and quality patient care.

Timesheet >> Employee Billing Report

To run the Employee Billing Report, the user can select the Employee from list and update the Start Date and End Date and click Search option. The Employee working hours, Over time hours and pay details can be viewed in this screen.

# Visit Report

A Visit Report is a digital record summarizing a caregiver's visit to a patient's home. It includes essential data such as date, time, tasks performed, patient information, payor information and billed amount for the Visit.

## Scheduling >> Visit Report

The user can view the Visit Report of the patient in this screen. The filter options helps to get the data of the Visit report accurately.
