Adding New Sub Folder

Select the folder name and click the option +Add New Sub Folder option. The following screen appears, update the required information. Also in the option Show to All, if the user needs the Sub folder name to be added for all the patient click Yes option. If the user wants the folder to be added only for the particular patient click No option and click Save.

The screenshot shows a web application interface with a sidebar menu on the left and a main content area on the right. The sidebar menu includes tabs for Patient Details, Documents (selected), Billing/Prior Authorization, Care Plan, and Calendar. Under the Documents tab, there is a list of folders: New Referral, Incident Report, Visits, Patient Authorizations, RN Supervisory, PC Plan of Care, Authorization request, DMAS-225, and Reports (highlighted in red). At the bottom of the sidebar, there are two buttons: '+ Add New Folder' and '+ Add New Sub Folder'. The main content area shows a red header bar with an 'Upload Documents' button. A modal dialog box titled 'Add Sub Section' is open in the center. It contains the following fields and options: 'Documentation Type' (a dropdown menu with 'Select' as the current value), 'Sub Section Name' (a text input field with 'Name' as the placeholder), 'Is Time Based' (a dropdown menu with 'Select' as the current value), 'Attached Template Form' (a section with a 'Show To All' toggle switch set to 'No'), and 'Select Roles to Provide Access' (a dropdown menu with 'Super Admin, Nurse, HHA, Office Staff, Staffing,' as the current value). A green 'Save' button is located at the bottom right of the dialog box.

The Sub folder 2023 is now added under folder name Reports to upload the required documents of the Patient.
