

# Preference / Skills

Preference refers to the specific choices and desires of patients regarding the type of care, treatment, and services they wish to receive in their home.

Skills refer to the specialized abilities, expertise, and competencies possessed by healthcare professionals who provide care and treatment to patients in their homes.

Note: All Fields marked with \* are mandatory and must be filled out, otherwise the system will generate an error indicating that the required information is missing.

## Adding Preference / Skills

**Settings >> Preference / Skill >> +Add option**

Select the Type and update the Name. Click Save to Add Preference / Skill detail
